Health Passport Overview

Superior HealthPlan's Health Passport is a web-based, secure health information tool built using core clinical and claims information to deliver relevant health-care information when and where it is needed for the children in foster care who are enrolled in STAR Health.

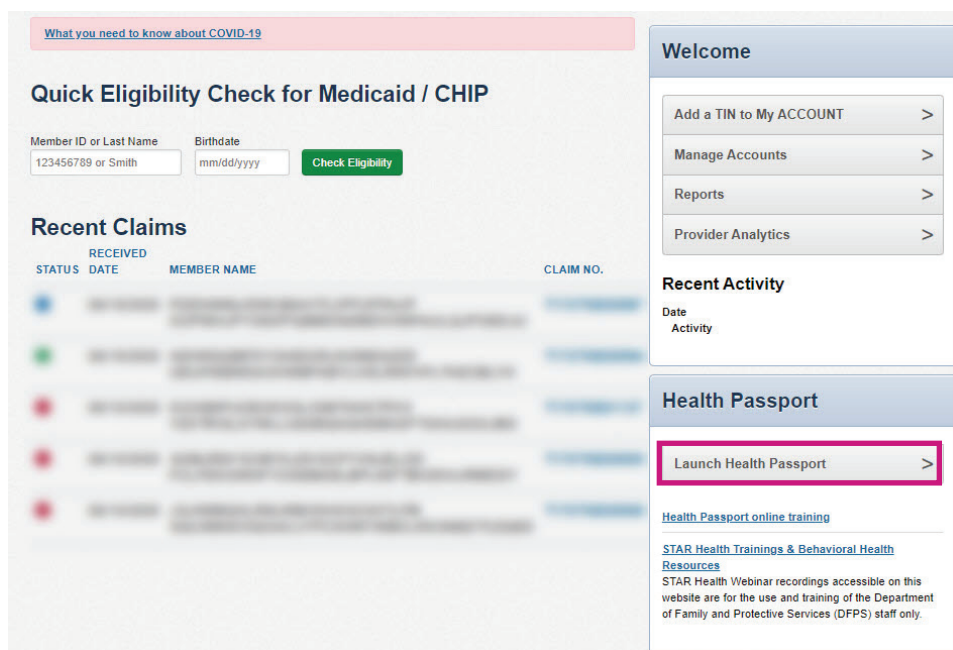

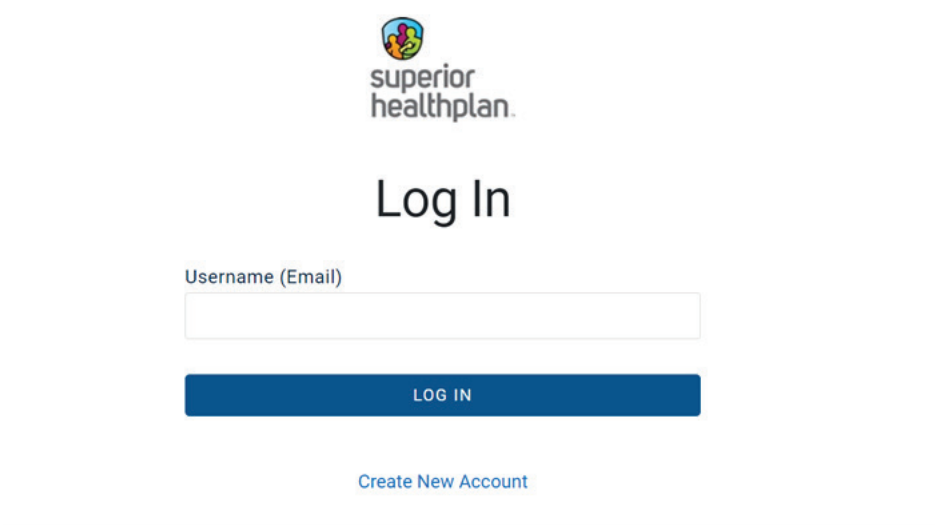

REMINDER: The data in the Health Passport is not a member's complete medical record, but it does contain information on member demographics, including doctor visits for which claims have been submitted, allergies, lab test results, immunizations and filled medications. Health Passport features include, but are not limited to:

-  **Face Sheet** - Access an easy-to-read summary that includes member demographics, care gaps, Texas Health Steps, Dental, Texas CANS 2.0-Assessment (last visit dates), active allergies, active medications and more.
-  **Contacts** - Find a patient's PCP, Medical Consenter, Caregiver, Caseworker assigned, and Service Coordinator's contact information in one place.
-  **Allergies** - View allergies that are available at the point-of-care. Once an allergy is charted, it is instantly checked for medication interactions.
-  **Assessments** - Upload and view documents including, but not limited to Texas Health Steps, Dental and Behavioral Health online. Documents that have submitted via fax or mail are also accessible online.
-  **Growth Chart** - View the weight, height, length, and head circumference that are available at the point of care to track growth of infants and children.
-  **Immunizations** - Access a comprehensive list of a member's immunizations collected from ImmTrac.
-  **Labs** - Access member's lab results in one location.
-  **Medical History** - A summary of medications filled is accessible. This includes name of the prescription, prescribing clinician, date filled and dosage. Indicators representing drug-drug, drug-allergy, and drug-food interactions appear when applicable as soon as new medications or allergies are added to the member record.
-  **Patient History** - Past visits with details that include the description of service, treating provider, diagnosis, and the service date.
-  **Admission Discharge and Transfer (ADT) Notifications** - Access ADT data.
-  **Appointments** - All users can review and add appointments for members.

Provider Access

Providers can access the Health Passport secure web application by following the instructions below:

- Visit superiorhealthplan.entrykeyid.com using Google Chrome or Microsoft Edge.
- To log in, enter the **User Name (Email)** and **Password** you created during registration, then click **Login**. If you need to create an account, click the **Create an Account** button to register.
- Once you have logged in or created an account, you can access Health Passport by selecting the **Launch Health Passport** button from your account homepage.

Provider Access

- The User Agreement and Disclaimer will appear. Once you have read the agreement, click **I have read and agree to these terms** to continue.

User Agreement for Persons Other than Health Care Providers

Authorized users who are not health care providers (such as Medical Consenters, authorized DFPS and HHSC employees, and designated residential provider staff) agree to treat all information contained within a Health Passport record as confidential.

Terms of the Agreement

If you access, view, copy, download or otherwise use a Health Passport record, you agree:

- Not to share information from the Health Passport with anyone without a direct need to know the information for purposes of providing health care services, including behavioral health care services, to the Foster Child.
- To share only the minimum amount of information from the Health Passport as is necessary to aid in the provision of health care services, including behavioral health care services, to the Foster Child.
- To be responsible for maintaining the physical security and confidentiality of Health Passport information that you may view on a computer, print to paper, or copy or download to other formats. People who do not need the information should not have physical access to it. You must not leave the Health Passport site open on your computer screen when you walk away from your computer. Information on the Health Passport should be treated with the same concern for security and privacy as you give your financial papers or other private, personal information.
- To be responsible for complying with all applicable state and federal laws, including privacy laws, and to report any non-compliance that you may notice on the part of others within your organization. Passwords must not be shared. All users must create and manage their own accounts.
- To limit your access to Health Passport records to those Foster Children who are served by your organization or with whom you have a relationship for which Health Passport access is authorized. Not to share your password. If you are aware that a password has been shared, you are required to notify Superior HealthPlan Network within 24 hours so that a new password can be assigned.

Superior HealthPlan Network reserve the right to monitor all activity on the website.

By using the services provided by this website, you agree to the above terms. If you do not agree to be bound by this agreement, you are not authorized to enter this website and may not use any of the services available through this website.

MEDICATION HISTORY OVERVIEW

Integrated Patient Education – Medication Leaflets

Read this medicine information sheet carefully each time you get this medicine filled. You must carefully read the "Consumer Information Use and Disclaimer" below in order to understand and correctly use this information.

Mupirocin Cream and Ointment

Pronunciation (myoo PEER oh sin)
Brand Names: US Bactroban.

What is this drug used for?

- It is used to treat skin infections.

What do I need to tell my doctor BEFORE I take this drug?

- If you have an allergy to mupirocin or any other part of this drug.
- If you are allergic to any drugs like this one, any other drugs, foods, or other substances. Tell your doctor about the allergy and what signs you had, like rash; hives; itching; shortness of breath; wheezing; cough; swelling of face, lips, tongue, or throat; or any other signs.
- If a large area needs to be treated.
- If your skin is damaged or has open wounds. Do not put on damaged skin or open wounds.

This drug may interact with other drugs or health problems.

Tell your doctor and pharmacist about all of your drugs (prescription or OTC, natural products, vitamins) and health problems. You must check to make sure that it is safe for you to take this drug with all of your drugs and health problems. Do not start, stop, or change the dose of any drug without checking with your doctor.

What are some things I need to know or do while I take this drug?

- Tell all of your health care providers that you take this drug. This includes your doctors, nurses, pharmacists, and dentists.
- Do not use longer than you have been told. A second infection may happen.
- Talk with your doctor before you use other drugs or products on your skin.
- Do not use this drug near an area where drugs are given into a vein. Talk with the doctor.

- Tell your doctor if you are pregnant or plan on getting pregnant. You will need to talk about the benefits and risks of using this drug while you are pregnant.
- Tell your doctor if you are breast-feeding. You will need to talk about any risks to your baby.
- If you are breast-feeding and use this drug on your breast or nipple, wash the area before breast-feeding your child.

What are some side effects that I need to call my doctor about right away?

WARNING/CAUTION: Even though it may be rare, some people may have very bad and sometimes deadly side effects when taking a drug. Tell your doctor or get medical help right away if you have any of the following signs or symptoms that may be related to a very bad side effect:

- Signs of an allergic reaction, like rash; hives; itching; red, swollen, blistered, or peeling skin with or without fever; wheezing; tightness in the chest or throat; trouble breathing or talking; unusual hoarseness; or swelling of the mouth, face, lips, tongue, or throat.
- Irritation where this drug is used.
- Very bad itching.
- Dizziness.
- A fast heartbeat.
- A heartbeat that does not feel normal.
- A very bad and sometimes deadly form of diarrhea called Clostridium difficile (C diff)-associated diarrhea has happened with most antibiotics. This may happen while using the antibiotic or within a few months after you stop using it. Call your doctor right away if you have stomach pain or cramps, very loose or watery stools, or bloody stools. Do not try to treat loose stools without first checking with your doctor.

Admission Discharge and Transfer (ADT) Notifications

The **Admission Discharge and Transfer (ADT) Notifications** module provides the following data for the last 12 months:

- Date and time of discharge
- Admission type
- Facility name
- Discharge disposition code

The ADT data is transferred in real time from the following Health Information Exchanges (HIEs) services: HASA, Greater Houston Health Connect.

The screenshot shows the 'Health Passport: LUCY DUCK' interface. The main content area is titled 'Admission Discharge Transfer' and includes a sub-header 'Admission Discharge and Transfer (ADT) Notifications display for the last 12 months.' Below this is a table with the following data:

The screenshot shows a web interface for a patient's health passport. The title is "Health Passport: LUCY DUCK". In the top right corner, there are buttons for "CCD Export", "Patients", "Member Search", and "Print All". On the left side, there is a vertical navigation menu with the following items: "Face Sheet", "Contacts", "Allergies", "Assessments", "Growth Chart", "Immunizations", "Labs", "Medication History", "Patient History", "ADT", "Appointments" (which is highlighted in blue), and "Authorizations". The main content area is titled "Appointments" and contains a sub-section "Add Appointment" which is highlighted with a red box. Below this, there are several input fields: "*Date(MM/DD/YYYY)" with a text box containing "MM/DD/YYYY"; "*Time(HH:MM)" with a text box containing "HH:MM" and a dropdown menu set to "AM"; "*Duration" with a dropdown menu set to "Select Duration"; and "Description" with a large text area. At the bottom of the form, there are two buttons: "Add" (green) and "Cancel" (red).

NOTE: Appointments can only be modified or removed by the appointment initiator. Appointment information should be used only as a reference and may be tentative. For more information or to confirm appointments, please contact the member's Medical Consenter or provider.
