Introduction

About

STAR Health provides health care to Texas children in the state's Foster Care Program. Superior HealthPlan provides the services under a contract with the Texas Health and Human Services Commission (HHSC). Superior works with many doctors, clinics and hospitals to care for you/your child.

You/your child will get health care from doctors in Superior's provider network. Children can get regular check ups, exams, primary care and specialist care when needed. Superior also has hospitals, specialists, labs and many more providers when you/your child needs them.

You must use a Superior provider to get health services.

Your/your child's Member ID card will arrive in the mail once you/your child is enrolled with Superior. It will have your/your child's Primary Care Provider (PCP) name and office number. Carry this ID card and your/your child's Medicaid ID Card with you at all times. Show both cards to the doctor so they know you are covered through Superior HealthPlan.

If you do not understand this member handbook or need help reading it, call Member Services. We can tell you how to use our services and will answer your questions. You can get this handbook in audiotape, CD, larger print or in another language if you need it.

For more information, call Member Services at 1-866-912-6283.

Remember:

- The 2085 form is a DFPS form that is sent to the child's caregiver. It lists the child's medical consentor and has their DFPS ID number. Doctors can use this form to verify a child's eligibility and their medical consentor.
- Carry your/your child's Superior ID card and their Medicaid ID card with you at all times.
- Call your/your child's primary care provider first if you/your child has a medical problem that is not life threatening.
- If you/your child cannot reach your primary care provider, call Superior at 1-866-912-6283. We are here to help 24 hours a day, 7 days a week.

Superior HealthPlan, by law, will keep your/your child's health records private. Your discussions with doctors or other healthcare providers are also private. If you are the medical consentor, you have the right to say yes or no to requests for your child's records by someone other than those handling your child's health care.

Thank you for choosing Superior HealthPlan!

Introduction

Your Texas Benefits Medicaid Card

When you or your child are approved for Medicaid, you will get a Your Texas Benefits Medicaid card. This plastic card will be your everyday Medicaid ID card. You should carry and protect it just like your driver's license or a credit card. The card has a magnetic stripe that holds your Medicaid ID number. Your doctor can use the card to find out if you or your child have Medicaid benefits when you go for a visit.

You will get a new Your Texas Benefits Medicaid card every time you change your health plan.

If you are not sure if you are covered by Medicaid, you can find out by calling toll-free at 1-800-252-8263. You can also call 2-1-1. First pick a language and then pick option 2.

Your health history is a list of medical services and drugs that you have gotten through Medicaid. We share it with Medicaid doctors to help them decide what health care you need. If you don't want your doctors to see your health history through the secure online network, call toll-free at 1-800-252-8263.

The Your Texas Benefits Medicaid card has these facts printed on the front:

- Your name and Medicaid ID number.
- The name of the Medicaid program you're in if you get your Medicaid services through a health plan. This would be STAR Health.
- The date HHSC made the card for you.
- Facts your drug store will need to bill Medicaid.
- The name of the health plan you're in and the plan's phone number.
- The name of your doctor and drug store if you're in the Medicaid Limited program.

The back of the Your Texas Benefits Medicaid card has a website you can visit (www.YourTexasBenefits.com) and a phone number you can call (1-800-252-8263) if you have questions about the new card.

If you forget your card, your doctor, dentist or drug store can use the phone or the Internet to make sure you get Medicaid benefits.

You will only be issued one card, and will only receive a new card in the event of the card being lost or stolen. If your Medicaid ID card is lost or stolen, you can get a new one by calling toll-free 1-855-827-3748. They will provide you with a temporary form called a Verification Form – Form 1027-A. You can use this form until you receive another card.

Just for Children in Foster Care

What is the Health Passport? How do I access the Health Passport?

Many children in foster care have chronic and complex conditions. It takes a team of medical and behavioral health professionals to meet the child's needs. Superior's Health Passport is a community health record that gives professionals information about care received outside of their office so they can coordinate care and make the best decisions for each child. It is a web-based tool with security controls to manage who sees the information. The Health Passport may include information such as:

- Easy-to-read patient summary
- Medical and behavioral health visit history
- Allergies
- Lab results and assessments
- Pharmacy claim history and summary of medications
- Texas Health Steps forms and results
- Infant and children growth charts

The Health Passport is available to the person authorized to consent to medical care for a child in conservatorship as well as the providers of medical care, DFPS workers and authorized Superior staff. To get access to the Health Passport:

1. Log onto www.FosterCareTX.com
2. Click "Login" under Health Passport.
3. Follow the registration instructions.

Note:

For help with the Health Passport, call the help desk at 1-866-714-7996.

What is a Medical Consenter?

A medical consenter is the person whom a court has authorized to consent to medical care for a child in state conservatorship. The medical consenter may be the child's foster parent, a relative of the child, or a person named by the Department of Family and Protective Services. The child's parent may also be a medical consenter if the parent's rights have not been terminated and the court determines that it is in the best interest of the child to allow the parent to make medical decisions on behalf of the child. A medical consenter may also be a child in conservatorship of at least 16 years of age, if a court says the child has the capacity to consent to medical care.

What is the role of a Medical Consenter?

The role of a medical consenter includes consenting to the child's medical care and participating in the child's medical appointments. Medical care means "health care and related services." This may include medical, behavioral, dental, eye care and surgical treatment. This does not apply to emergency services. Contact 911 or go to the nearest hospital or emergency facility if you think you need emergency care.

Youth aging out of foster care

For questions on eligibility requirements for youth aging out of foster care, please call 2-1-1. This includes enrollment in the Medicaid for Transitional Foster Care (MTFCY) and Former Foster Care Children (FFCC) programs. If you are calling from outside of Texas or have technical difficulties when dialing 2-1-1, dial the toll free alternate access number at 1-877-541-7905. For TTY access, call 1-877-833-4211.

Accessing Care - Primary Care Providers

What is a Primary Care Provider (PCP)?

A Primary Care Provider (PCP) is the doctor that will:

- Make sure that you/your child gets the right care.
- Give you/your child regular checkups.
- Write prescriptions for medicines and supplies when you/your child are sick.
- Tell you if you/your child needs to see a specialist.

When a child is first enrolled with Superior but does not have a PCP, a doctor is automatically selected for the child by Superior. If you are not happy with the doctor selected, the doctor can be changed. If you/your child is a girl, you may pick an obstetrician (OB) or gynecologist (GYN) as her PCP. You will need to pick a PCP for each eligible child. You can pick from:

- Pediatricians (only see children)
- General/Family Practice (they see all ages)
- Internal Medicine (they usually see adults)
- OB/GYNs (they see women)
- Federally Qualified Health Centers/ Rural Health Clinics

Can a specialist be my PCP?

Superior will allow specialists to act as a PCP for members who have a special health care need. Specialists must be approved by Superior before they can be your PCP. Tell your specialist if you would like them to be your PCP. Or call Member Services at 1-866-912-6283 to ask for help.

Can a Rural Health Clinic (RHC) or Federally Qualified Health Center (FQHC) be my PCP?

Yes! Superior lets you pick a clinic as your PCP. If you have any questions, call Superior at 1-866-912-6283.

What if I choose to go to another doctor who is not my PCP?

Your PCP is your/your child's doctor and they have the job of taking care of you/your child. They keep your medical records, know what medications you/your child are taking, and are the best people to make sure you are getting the care you need. This is why it is very important that you stay with the same doctor.

Remember:

If you go to a doctor that is not signed-up as a Superior provider and is not a Medicaid provider, Superior will not pay that doctor and you will get billed for the services.

How can I change my/my child's PCP?

If you are not happy with your doctor talk to them. If you still are not happy, call Superior at 1-866-912-6283. They can help you pick a new doctor. You might change your doctor because:

- The office is too far from your home.
- Long waiting time in the office.
- You can't talk to your doctor after-hours.

Accessing Care - Primary Care Providers

When will a PCP change become effective?

Your/your child's change of doctor will be effective right away. You/your child will get a new ID card with the new doctor's name and phone number shortly after you request the change.

How many times can I change my PCP?

There is no limit on how many times you can change your PCP. You can change your PCP by calling us toll-free at 1-866-912-6283.

Remember:

You should go to the same doctor. They will get to know you and your health care needs.

Are there any reasons why my request to change a PCP may be denied?

If you ask to change your doctor, it can be denied because:

- Your new doctor will not take more patients.
- Your new doctor is not a Superior provider.
- You are not your child's Medical Consenter.

Can my/my child's PCP move me or my child to another PCP for non-compliance?

Yes. If your doctor feels that you are not following their medical advice or if you miss a lot of your appointments, your doctor can ask that you go to another doctor. Your doctor will send you a letter telling you that you need to find another doctor. If this happens, call Superior at 1-866-912-6283. We will help you find a new doctor.

How do I get medical care after the PCP's office is closed?

If your doctor's office is closed, your doctor will have a number you can call 24 hours a day and on weekends. Your doctor can tell you what you need to do if you are not feeling well. If you can not reach your doctor or want to talk to someone while you wait for your doctor to call you back, call Superior's nurse helpline at 1-866-912-6283. Our nurses are ready to help you 24 hours a day, 7 days a week. If you think you have a real emergency, call 911 or go to the nearest emergency room.

What if my doctor leaves the network of Superior providers?

If your doctor decides he/she no longer wants to participate in the network of Superior providers, and that doctor is treating you for an illness, Superior will work with your doctor to keep caring for you until your medical records can be transferred to a new doctor in the Superior network of providers.

If your doctor leaves your area, call Superior at 1-866-912-6283 and they will help you pick another doctor close to you. You will also get a letter from Superior telling you when your doctor's last day as a Superior network provider will be and asking you to call Superior so we can help you pick a new doctor.

Accessing Specialty Care

What if I/my child needs to see a special doctor (specialist)?

Your doctor might want you/your child to see a special doctor (specialist) for certain health care needs. While you/your child's doctor can take care of most of your health care needs, sometimes they will want you/your child to see a specialist for your care. A specialist has received training and has more experience taking care of certain diseases, illnesses and injuries. Superior has many specialists who will work with you and your doctor to care for your needs.

What is a referral?

The doctor will talk to you about your/your child's needs and will help make plans for you to see the specialist that can provide the best care for you. This is called a referral. Your/your child's doctor is the only one that can give you a referral to see a specialist. If you/ your child has a visit, or receives services from a specialist without your doctor's referral, or if the specialist is not a Superior provider, you might be responsible for the bill. In some cases, an OB/GYN can also give you a referral for related services.

What services do not need a referral?

You do not need a referral for:

- True emergency services
- OB/GYN care
- Behavioral health services
- Regular eye care
- Regular dental services
- Texas Health Steps medical checkups
- Family planning services
- Ophthalmology or therapeutic optometry services (only for services that do not require surgery)

Members with disabilities, special health care needs or chronic or complex conditions have direct access to a specialist. Direct access means you/your child does not have to go through a PCP to see a specialist. If you/your child needs to see a provider that is not with Superior, that provider needs to call us for an out of network authorization before you/your child gets seen. Remember, you must see a Superior Provider for these services. For family planning and emergency services, you/your child can go to any Medicaid Provider. If you need help getting these services, call Member Services at 1-866-912-6283.

How soon can I expect to be seen by a specialist?

In some situations, the specialist may see you/your child right away. Depending on the medical need, it may take up to a few weeks after you make the appointment to see the specialist.

Does Superior need to approve the referral for specialty medical services?

Some specialist referrals from your/your child's doctor may need approval from Superior to make sure the specialist is a Superior specialist, and the visit to the specialist, or the specialty procedure is needed. In these cases, the doctor must first call Superior. If you or your doctor are not sure what specialty services need approval, Superior can give you that information. Superior will review the request for specialty services and respond with a decision. This will not take more than two business days after getting all the needed information from your doctor. Decisions are made more quickly for urgent care.

Accessing Specialty Care

How do I ask for a second opinion?

You have the right to a second opinion from a Superior provider if you are not satisfied with the plan of care offered by the specialist. Your primary care doctor should be able to give you a referral for a second opinion visit. If your PCP wants you to see a specialist that is not a Superior provider, that visit will have to be approved by Superior.

What if I/my child needs to be admitted to a hospital?

If you/your child needs to be admitted to a hospital for inpatient hospital care, your doctor must call Superior to let us know about the admission.

Superior will follow your/your child's care while in the hospital to ensure that you/your child gets the proper care. The discharge date from the hospital will be based only on medical need to remain in the hospital. When medical needs no longer require hospital services, Superior and your/your child's doctor will set a hospital discharge date.

If you do not agree with a decision to discharge you from the hospital, you have the right to ask for a review of the decision. This is called an appeal. If this happens, you will receive a letter from Superior that explains Superior's decision to discharge you, and gives your appeal rights. Your appeal rights are also described in this handbook in the appeals section.

If you have an admission through the emergency room:

If you/your child needs urgent or emergency admission to the hospital, you should get medical care right away and then you or the doctor should call Superior as soon as possible to tell us of the admission.

Superior Health Tip

Use the spoon, cup, or dropper included with your liquid medicine to make sure you get the right dose.

Accessing Care - Just for Young Women

What if I need/my daughter needs OB/GYN care?

You/your daughter can get OB/GYN services from your doctor. You can also pick an OB/GYN specialist to take care of your/your daughter's female health needs. Superior allows you to pick any OB/GYN, whether that doctor is in the same network as your Primary Care Provider (PCP) or not.

You have the right to pick an OB/GYN without a referral from your PCP. An OB/GYN can give you:

- One well-woman checkup each year.
- Care related to pregnancy.
- Care for any female medical condition.
- Referral to special doctor within the network.

Do I have the right to choose an OB/GYN as my PCP?

Superior has some OB/GYN providers that can be your PCP. If you need help picking an OB/GYN, call Superior at 1-866-912-6283

Will I need a referral?

You/your daughter have the right to get services from an OB/GYN without calling your PCP first.

How do I choose an OB/GYN?

You may pick an OB/GYN provider from the list in the Superior provider directory. If you need help picking an OB/GYN, call Superior at 1-866-912-6283. If you/your daughter is pregnant, your OB/GYN should see you/her within two weeks of your request. Once you choose an OB/GYN for you/your daughter, you should go to the same OB/GYN for each visit so they will get to know your/your daughter's health care needs.

If I don't choose an OB/GYN as my PCP, do I have direct access?

If you do not choose an OB/GYN as your/your daughter's main doctor, you can still get most services from a Superior OB/GYN without calling your doctor, or getting approval from Superior. All family planning services, OB care, and routine GYN services and procedures can be accessed directly through the Superior OB/GYN you choose.

Can I/my daughter stay with an OB/GYN who is not with Superior?

If your/your daughter's OB/GYN is not with Superior, please call Member Services at 1-866-912-6283. We will work with your doctor so he/she can keep seeing you or we will be more than happy to help you pick a new doctor within the plan.

Accessing Care - Pregnant Women and New Mothers

What if I/my daughter is pregnant? Who do I need to call?

If you/your daughter is or might be pregnant, make an appointment to see a doctor. The doctor will confirm if you/your daughter is pregnant or not and tell you/your daughter how to care for the unborn child. Can I choose my baby's Primary Care Provider (PCP) before the baby is born? Who do I call? What information do they need?

You can pick your baby's doctor even before he/she is born. Superior can even help you pick a doctor for your baby, just call us at 1-866-912-6283.

How and when can I change my baby's PCP or doctor?

As soon as Superior knows you/your child is pregnant, we send you information about pregnancy and her unborn baby. Superior will ask you to choose a doctor for the baby, even before the baby's birth. This will ensure that the baby's doctor will check the baby while in the hospital, and then take care of the baby's health care needs after you/your daughter and her baby are discharged from the hospital.

If a doctor has not been selected for the baby before birth, you/your daughter will be contacted to select a doctor for her baby. After the baby is thirty (30) days old, you/your child can change the doctor for the baby if she wants a different doctor than the one that she originally chose.

How do I sign up my newborn baby?

If you/your daughter are a Superior member when the baby is born, the baby is enrolled with Superior on his or her date of birth. Superior gets information from the hospital to add the baby as a new Superior member, and the hospital will also notify Medicaid about the baby's birth. However, it is important that you/your daughter contact the Department of State Health Services (DSHS) office to also report the birth of her baby, to ensure the baby's Medicaid enrollment is processed as soon as possible, so the baby can get all the health care he/she needs.

How and when do I tell my health plan?

You/your daughter should let Superior know as soon as possible about the birth of her baby. Superior may already have the information about her baby's birth, but call us just in case. Superior will verify the correct date of birth for your daughter's baby with you, and also confirm that the name we have for the baby is correct.

How and when do I tell my caseworker?

If you/your daughter are in foster care, call your DFPS Caseworker after your/your daughter's baby is born. You DO NOT have to wait until you/your daughter gets her baby's social security number to get the baby signed up.

If you/your daughter have Medicaid for Transitioning Foster Care Youth (MTFCY) or are enrolled in the Former Foster Care Children (FFCC) Program, call Superior Member Services at 1-866-912-6283 when your baby is born.

Care Defined

What is emergency medical care? How soon should I or my child expect to be seen?

This is a medical condition manifesting itself by acute symptoms of recent onset and sufficient severity (including severe pain), such that a prudent layperson, who possesses an average knowledge of health and medicine, could reasonably expect the absence of immediate medical care could result in:

- Placing the person's health in serious jeopardy;
- Serious impairment to bodily functions;
- Serious dysfunction of any bodily organ or part;
- Serious disfigurement; or
- In the case of a pregnant woman, serious jeopardy to the health of the woman or her unborn child.

Emergency wait time will be based on your medical needs and determined by the emergency facility that is treating you/your child.

What is post-stabilization care?

Post-stabilization care services are services covered by Medicaid that keep your or your child's condition stable following emergency medical care.

What is urgent medical care?

Another type of care is urgent care. There are some injuries and illnesses that are probably not emergencies but can turn into emergencies if they are not treated within 24 hours. Some examples are:

- Minor burns or cuts
- Earaches
- Sore throat
- Muscle sprains/strains

What should I do if my child or I need urgent medical care?

For urgent care, you should call your doctor's office, even on nights and weekends. Your doctor will tell you what to do. In some cases, your doctor may tell you to go to an urgent care clinic. If your doctor tells you to go to an urgent care clinic, you don't need to call the clinic before going. You need to go to a clinic that takes Superior Medicaid. For help, call us toll-free at 1-866-912-6283. You also can call our 24-hour nurse advice line at 1-866-912-6283 for help with getting the care you need.

How soon can I expect to be seen?

You should be able to see your doctor within 24 hours for an urgent care appointment. If your doctor tells you to go to an urgent care clinic, you do not need to call the clinic before going. The urgent care clinic must take Superior Medicaid.

What is routine medical care? How soon can I expect to be seen?

If you or your child needs a physical checkup, then the visit is routine. Your doctor will see you within two to ten weeks (sooner if they can). Children should be seen based on the Texas Health Steps schedule for exams. Go to the Texas Health Steps section on page SH-25 to see the schedule.

Remember: It is best to see your doctor **before** you get sick so that you can build your relationship with him/her. It is much easier to call your doctor with your medical problems if he/she knows who you are. You must see a Superior provider for routine and urgent care. You can always call Superior at 1-866-912-6283 if you need help picking a Superior provider or making an appointment.

|-----------------------|-------------|------------|
| • Discharge to 5 days | • 30 months | • 12 years |
| • 2 weeks | • 3 years | • 13 years |
| • 2 months | • 4 years | • 14 years |
| • 4 months | • 5 years | • 15 years |
| • 6 months | • 6 years | • 16 years |
| • 9 months | • 7 years | • 17 years |
| • 12 months | • 8 years | • 18 years |
| • 15 months | • 9 years | • 19 years |
| • 18 months | • 10 years | • 20 years |
| • 2 years | • 11 years | |

Your child should also get regular dental checkups to make sure his or her teeth and gums are healthy. Dental checkups need to start at age six months and every six months after that. You can go to any Texas Health Steps dentist for a dental checkup. Ask your doctor for the name of a dentist near you or call Member Services at 1-866-912-6283. You can also call DentaQuest, Superior's dental provider at 1-888-308-4766. You do not need a referral from your doctor for regular dental checkups or other dental services.

During a Texas Health Steps dental checkup, the dentist will look at your child's mouth, checking for dental problems you may not know about. The dentist will also see if your child's mouth and teeth are developing like other children their age. These checkups can help catch dental problems before they get bigger and harder to treat.

Ask your dentist about dental sealants for your child. A dental sealant is a plastic material put on the back teeth that can help prevent tooth decay.

Superior Health Tip

Asthma is one of the most common chronic diseases of childhood. Your doctor can help you keep it under control.

Advance Directives

This section applies to young adults 18 years and older only.

What are Advance Directives? How do I get an Advance Directive?

An advance directive lets you make decisions about your health care before you get too sick. What you decide is put in writing. Then, if you become too sick to make decisions about your health care, your doctor will know what kind of care you do or do not want. The advanced directive can also say who can make decisions for you if you are not able to.

Through this document, you will have the right to make decisions about your health care like what kind of health care, if any, you will or will not accept. If you sign either of these documents, your doctor will make a note in your medical records so that other doctors know about it.

Superior wants you to know your right to decide so you can fill out the papers ahead of time. These are the types of Advance Directives you can choose under Texas law:

- Directive to Doctor (Living Will) – A living will tells your doctor what to do. If you are near death, it will tell the doctor you don't want to get care. In the State of Texas you can make a living will. Your doctor must follow your living will in case you become too sick to decide about your care.
- Durable Power of Attorney for Health care – This form gives the person who signs it power. This person can make decisions about your health care if you are not able to.
- Declaration of Mental Health Treatment – This tells your doctor about the mental health care you want. In the State of Texas you can make this choice. It expires three years after you sign it or at any time you pick to cancel it unless a court has considered you incapacitated.
- Out-of-Hospital Do Not Resuscitate – This tells your doctor what to do if you are about to die. In the State of Texas your doctor must follow this request if you become too sick.

When you talk to your doctor about an Advance Directive, he or she might have the forms in their office to give you. You can also call Superior at 1-866-912-6283 and we will help you get one.

What if I am too sick to make a decision about my medical care?

All adults in hospitals, nursing homes, behavioral health facilities and other health care places have rights. For example, you have the right to know what care you will get, and that your medical records will always be private.

A federal law gives you the right to fill out a paper form known as an "Advance Directive." An Advance Directive is a living will or power of attorney for health care when a person is not able to make a decision on their own because of their health. It gives you the chance to put your wishes in writing about what kind of health care you Want or Do Not Want, under special, serious medical conditions when you might not be able to tell your wishes to your doctor, the hospital, or other staff.

Medical Bills

What do I do if I get a bill from my doctor? Who do I call?

If you have Medicaid, you should not be billed for any services covered by Medicaid. Please remember to always show your Medicaid ID card and Superior ID card before you see the doctor. If you get a bill from a Medicaid provider, call Member Services at 1-866-912-6283.

What information will they need?

When you call, give the Member Services staff:

- Date of service
- Your patient account number
- Name of provider
- Phone number on the bill
- Total amount of bill

You will need to pay for services not covered by Medicaid. It is your responsibility to determine which services are covered and which are not.

Remember:

If you go to a doctor that is not signed-up as a Superior provider and is not a Medicaid provider, Superior will not pay that doctor and you will get billed for the services.

Superior Health Tip

If you have asthma, ask your doctor about making an asthma action plan. This plan can help you manage your asthma by telling you:

- When and how to get help if you have an attack.
- When and how to take your medicine.
- When you should get checkups.
- Better ways to eat and stay fit.
- Ways to clean your house to lessen your symptoms.

Medical Pre-appeals and Continued Services

What is a pre-appeal?

When your/your child's doctor asks for services that may not be medically necessary, Superior will start a review called a pre-appeal. Before Superior denies or reduces a service, we will talk to your/your child's doctor, Medical Consenter or DFPS Caseworker.

Superior's medical director will ask your/your child's doctor questions about the services needed. Your/your child's doctor, Medical Consenter or DFPS Caseworker may have new information that can help approve services.

Superior will tell the Medical Consenter and the DFPS Caseworker what is happening with the request while it is being reviewed.

As a Superior member, your/your child's doctor will file a pre-appeal for you.

How will I find out if services are denied or reduced? What can I do if my doctor asks for a service or medicine for me/my child that's covered, but Superior denies or reduces it?

Superior will send you a letter if a service was denied or reduced. If you do not agree with the decision, you may file an appeal with Superior. You may also ask for a fair hearing with the Texas Health and Human Services Commission (HHSC) by contacting the Superior Fair Hearings Coordinator.

How can I ask for continued services?

If you are or your child is receiving a service that was denied, reduced or is on hold, you must file an appeal with Superior on or before the later date of:

- 10 days after Superior's mailing of the denial letter (10 days from the postage stamp date on the envelope); or
- On the expected date of the suggested action.

Superior will still provide the benefits while your appeal is being reviewed if:

- Your appeal is sent in the needed time frame;
- Your appeal is for a service that was denied or reduced that was approved before; and
- Your appeal is for a service that a Superior-approved provider asked for.

Call Superior Member Services at 1-866-912-6283 for more information.

Superior understands you may not always agree with an action to deny or reduce services. We want to help.

Actions, Appeals and Expedited Appeals

What is an action?

An action is when Superior denies or reduces a medical service. Examples of other actions are:

- When payment for services is denied or reduced.
- When services are not approved in a fair amount of time.
- When services are requested by a provider who is not approved by Superior.

What is an appeal?

An appeal is when you ask Superior to review an action you do not agree with. The appeal may take up to 30 days. Superior may decide to keep or change the action.

When do I have the right to ask for an appeal?

You have the right to appeal Superior's decision if Medicaid-covered services were denied based on lack of medical need. You can appeal this action if you think Superior:

- Is stopping coverage for care you think you/your child needs
- Is denying coverage for care you think we should cover
- Has not paid a hospital bill you think we should pay
- Limits a request for a covered service

You, your/your child's doctor, DFPS Caseworker, and/or Medical Consenter can appeal an action on your/your child's behalf.

Can someone from Superior help me file an appeal?

A Superior Member Services Advocate can help you file an appeal. Just call 1-866-912-6283.

How long does the appeal process take?

You have thirty (30) days from the date of the denial letter to appeal the action. Superior will start your appeal within five days of getting it and finish it within 30 days. This process can be extended up to fourteen (14) days if you ask for an extension. If it takes more time to get facts about the service you asked for, you will get a letter with the reason for the wait.

Actions, Appeals and Expedited Appeals

Does my request have to be in writing?

You can call us if you want to appeal an action. You must follow up with a request in writing. If you need help, Superior can help you put your appeal in writing.

What is an expedited appeal?

An expedited appeal is when the health plan has to make a decision quickly based on the condition of your health, and taking the time for a standard appeal could jeopardize your life or health. If the 30-day wait for an appeal is too long, you can ask for an expedited appeal.

How do I ask for an expedited appeal?

You can ask for an expedited appeal by calling Superior's Appeal Coordinator at 1-877-398-9461.

To ask for an expedited appeal in writing, please send it to this address or fax it to the number below:

Who can help me file an expedited appeal?

Superior's Member Advocate can help you file an appeal or ask for an expedited appeal. You can call the Member Advocate at 1-866-912-6283. You, your/your child's doctor, DFPS Caseworker and/or Medical Consenter can appeal an action on your/your child's behalf.

What happens if Superior denies the request for an expedited appeal?

If Superior thinks your appeal does not need to be rushed, we will let you know right away. The appeal will still go through a review, but the decision may take up to 30 days.

What can I do if Superior denies the expedited appeal?

If Superior denies the expedited appeal and your condition is an emergency, you can still file an appeal with Superior.

Fair Hearings

What is a State Fair Hearing?

If you, as a member of Superior HealthPlan, disagree with the health plan's decision, you have the right to ask for a fair hearing. A fair hearing is a meeting with a representative of HHSC.

If I am not satisfied with the result of an action or appeal, who else can I contact?

If you disagree with your health plan's decision about an action or appeal, you have a right to ask for a fair hearing. You can request a State Fair Hearing any time during or after Superior's appeals process.

When can I ask for a fair hearing?

If you want to challenge a decision made by your health plan, you or your representative must ask for the fair hearing within 90 days of the date on the health plan's letter with the decision. If you do not ask for the fair hearing within 90 days, you may lose your right to a fair hearing.

You may also ask for a hearing if your health plan does not answer your request for services in a fair amount of time.

Can I have someone represent me at the fair hearing?

You may name someone to represent you by writing a letter to the health plan telling them the name of the person you want representing you. If you want someone else to represent you, write a letter to Superior telling us who the person is. Your doctor, Medical Consenter or DFPS Caseworker may be your representative.

How do I ask for a fair hearing?

Austin, TX 78704
Fax: 1-866-918-2266

Will I have continued medical services during the fair hearing?

You have the right to continue getting a service that was denied or reduced. To continue services, you must ask for a fair hearing by the later date of:

- 10 days from the date you get Superior's decision letter, or
- The day Superior's letter says your service will be reduced or end.

If you do not ask for a fair hearing by this date, the service will end on the expected date of suggested action.

If you ask for a fair hearing, you will get a packet of information letting you know the date, time and location of the hearing. Most fair hearings happen by telephone. At that time, you or your representative can tell them why you need the service that Superior denied.

HHSC will give you a final decision within 90 days of the date you asked for the hearing.
