TB QUESTIONNAIRE Place a mark in the appropriate box:	Yes	Do not know	No
Has your child been tested for TB?			
If yes, when (date)			
Has your child ever had a positive Tuberculin Skin Test?			
If yes, when (date)			
TB can cause fever that lasts for days or weeks, unexplained weight loss, a bad cough (lasting over two weeks), or coughing up blood. As far as you know:			
has your child been around anyone with any of these symptoms or problems?			
has your child been around anyone sick with TB?			
has your child had any of these symptoms or problems?			
Was your child born in Mexico or any other country in Latin America, the Caribbean, Africa, Eastern Europe, or Asia?			
Has your child traveled in the past year to Mexico or any other country in Latin America, the Caribbean, Africa, Eastern Europe, or Asia for longer than 3 weeks?			
If so, specify which country/countries?			
To your knowledge, has your child spent time (longer than 3 weeks) with anyone who is/has been an intravenous (IV) drug user, HIV-infected, in jail or prison, or has recently come to the United States from another country?
