### TB QUESTIONNAIRE Place a mark in the appropriate box:

	Yes	Do not know	No
--	-----	-------------	----

Have you been tested for TB?

If yes, when (date)

Have you ever had a positive Tuberculin Skin Test?

If yes, when (date)

TB can cause fever that lasts for days or weeks, unexplained weight loss, a bad cough (lasting over two weeks), or coughing up blood. As far as you know:

have you been around anyone with any of these symptoms or problems?

have you been around anyone sick with TB?

have you had any of these symptoms or problems?

Were you born in Mexico or any other country in Latin America, the Caribbean, Africa, Eastern Europe, or Asia?

Have you traveled in the past year to Mexico or any other country in Latin America, the Caribbean, Africa, Eastern Europe, or Asia for longer than 3 weeks?

If so, specify which country/countries?

To your knowledge, have you spent time (longer than 3 weeks) with anyone who is/has been an intravenous (IV) drug user, HIV-infected, in jail or prison, or has recently come to the United States from another country?
