

# STAR Health for Transitioning Youth

# STAR Health Members

STAR Health serves most children and young adults:

- In foster care
- In Kinship care
- Who choose to remain in a paid foster care placement  
(through the month of their 22<sup>nd</sup> birthday)
- Who aged out of foster care at age 18  
(through the month of their 21<sup>st</sup> birthday)

# Do You Know Your Benefits?

- Financial Assistance:

Preparation for Adult Living (P.A.L.)- A program that helps youth develop skills and resources needed for adult life after foster care

- Education Training Voucher (E.T.V.)-A program to help youth ages 16-23 begin, continue, complete post-secondary education and training programs by providing additional resources

- Tuition and Fee Waiver:

- A benefits that exempts youth from payment of tuition at Texas schools of higher education.

- Transitional Medicaid:

Health coverage that includes medical, behavioral health, vision and dental services

For more information, please visit [www.dfps.state.tx.us](http://www.dfps.state.tx.us)

# The Patient Protection and Affordable Care Act

- Affordable Care Act (ACA) Texas provides Medicaid benefits to adults under age 26 who were receiving Medicaid when they aged out of foster care at age 18 or older. This program is called the Former Foster Care Children Program (FFCC).
- To get benefits with the FFCC program, they must:
  - Have been in foster care on their 18th birthday
  - Be 18-25 years old
  - Have been getting Medicaid when they left foster care and
  - Be a U.S. citizen or legal immigrant
- FFCC Members will receive health care benefits in two separate programs based on their age:
  - Members who are 18-20 years old will continue to get their benefits in the STAR Health program unless they want to change to a STAR plan.
  - Members who 21-25 years old will get their Medicaid benefits through a STAR plan of their choice.

NOTE: There is no income, asset or educational requirements to qualify for the FFCC program.

# What is Texas Health Steps?

Texas Health Steps is a preventative care program for youth under the age of 21. Texas Health Steps helps find and treat medical, behavioral health, dental and vision problems early. All initial screenings are performed by the Member's Primary Care Provider or other network Texas Health Steps Provider and should include screenings such as:

- Measurements (height, weight and infant head circumference)
- Developmental and Nutritional assessments
- Lead Screenings
- Immunizations
- Tuberculosis Screening(often called TB)

# What is Texas Health Steps?

- TB Screenings begin at age 12 months.
  - TB is an infectious disease that usually attacks the lungs, but it can attack almost any part of the body. TB spreads from person to person through the air.
  - There is a difference between being infected with TB and having TB disease.
  - A person with TB has the TB germs, or bacteria, in their body. The body's defenses are protecting them from the germs and they are not sick.
  - Someone with TB disease is sick and can spread the disease to other people. A person with TB disease needs to see a doctor as soon as possible.

# What is Texas Health Steps?

Annual medical checkups for existing Members age 36 months and older are due on the child's birthday.

## Reminder:

- Requirements do not apply to members moving from placement to placement.
- New Members who are 6 months and over must have a dental checkup within 60 days of enrolling in the STAR Health Program.

After that, EVERY child must have a dental checkup every six months through the age 20.

# How Do I Get FFCC Medicaid?

- If you are age 18, 19, or 20 and leave Texas foster care:
  - Your caseworker will notify the Eligibility Specialist within three days
  - The Eligibility Specialist will determine if you meet requirements
  - You are certified for Transitional Medicaid when you leave foster care
- For specific questions on eligibility requirements for youth aging out of foster care, please call 2-1-1.
- If you are calling from outside of Texas or have technical difficulties when dialing 2-1-1, please dial 1-877-541-7905. For TTY access, please dial 1-877-833-4211
- Mail changes to:

# What is a Primary Care Provider (PCP)?

- Your Primary Care Provider (PCP) will help you take care of all your health care needs. You can choose your Primary Care Provider or one can be assigned to you. You can pick from:
  - Pediatricians (only see children)
  - General/Family Practice (they see everyone in your family)
  - Internal Medicine (they usually see adults)
  - OB/GYNs (they see females)
  - Federally Qualified Health Centers
  - Health Clinics

# What is a Primary Care Provider (PCP)?

- Your Primary Care Provider will send you to a Specialist if needed. A Specialist is a health care Provider who provides “specialized” care for specific conditions and illnesses. Your Primary Care Provider will give you a “referral” to see a Specialist.
- Remember, you must see a STAR Health Provider for your health care needs. If you need to see a health care Provider who is not in the STAR Health Provider network, that health care Provider needs to call us for an “out of network” authorization before you are seen.
