Health Passport
Clinical Training Guide
Superior HealthPlan’s Health Passport is a web-based, secure health information tool built using core clinical and claims data to deliver relevant healthcare information when and where it is needed for Foster Children in the state of Texas. The Health Passport helps Providers, State users, and Service Coordinators improve care coordination, eliminate waste, and reduce errors by providing a person’s medical history and health interactions as the person progresses through the clinical process.

REMINDER: The data in the Health Passport is not a person’s complete medical record, but it does contain information on patient demographics such as: doctor visits for which claims have been submitted, allergies, lab test results, immunizations, and filled medications.

The Health Passport is comprised of nine modules:

Modules
✓ **Face Sheet**—An easy-to-read summary that includes member demographics, care gaps, Texas Health Steps and Dental last visit dates, active allergies, active medications and more.
✓ **Contacts**—Easily find a foster child’s PCP, Medical Consenter, Caregiver, Caseworker, and Service Coordinator contact information in one place.
✓ **Allergies**—Providers can use interactive fields to add or modify allergies at the point-of-care. Once an allergy is charted, it’s instantly checked for medication interactions.
✓ **Assessments**—Providers can document Texas Health Steps, Dental and Behavioral Health forms directly online. Mailing or faxing in documents critical to patient care for display is still available.
✓ **Growth Chart**—Providers can chart weight, height, length and head circumference at the point of care to track growth of infants and children.
✓ **Immunizations**—A comprehensive list of a person’s immunizations collected from ImmTrac.
✓ **Labs**—All lab results are made available, where providers typically only have access to the lab results they’ve requested.
✓ **Medication History**—A summary of medications filled and access to more detail, including name of the prescription, the prescribing clinician, date filled, and dosage. Indicators representing drug-drug, drug-allergy, and drug-food interactions appear when applicable as soon as new medications or allergies are added to the member record.
✓ **Patient History**—Past visits with details that include the description of service, treating provider, diagnosis and the service date.
✓ **Appointments**—All users can manage and review appointments for members.
Provider Access

Step 1: Go to the Superior website (http://www.superiorhealthplan.com/) to login for providers.

Step 2: To **Login**, enter the **Username** (Email) and **Password** you created during registration. If you need to create an account, click the **Create an Account** button to register.

Step 3: To access Health Passport, click the **Launch Health Passport** button from your account homepage.
The User Agreement and Disclaimer will appear. Once you have read the agreement, click I have read and agree to these terms to continue.

User Agreement and Disclaimer

User Agreement for Health Care Providers

For purposes of compliance with the Health Insurance Portability and Accountability Act of 1996 (HIPAA) and its accompanying privacy and security standards for an individual's protected health information, Health Care Providers are advised that this website is intended to be used in a manner defined within the "Treatment, Payment and Healthcare Operations" portion of the HIPAA privacy standards.

Terms of the Agreement

As a health care provider:

- You are responsible for identifying authorized users of the Health Passport within your organization.
- You are responsible for ensuring all users in your organization comply with all applicable state and federal laws, including privacy laws.
- Access to patient information must be limited to those patients actively under your professional care.
- You are responsible for maintaining the physical security and confidentiality of Health Passport information that you may view on a computer, print to paper, or copy or download to other formats.
- Passwords cannot be shared. If you are aware that a password has been shared, you are required to notify Superior HealthPlan Network within 24 hours so that a new password can be assigned.
- Superior HealthPlan Network reserve the right to monitor all activity on the website.
- You assume all risk of errors and/or omissions to all information manually added to the system.

Disclaimer

Physician Responsibility

THE HEALTH PASSPORT IS NOT A COMPLETE ELECTRONIC MEDICAL RECORD. Access to the Health Passport does not relieve the health care provider of the professional obligation to obtain an accurate and adequate health history or to obtain any and all additional information necessary to provide professional services in a safe and effective manner, consistent with the prevailing standard of care. The data available in the Health Passport is merely intended to facilitate the provider's information gathering. The provider is responsible for consulting with the patient or their legal guardian to verify the accuracy of Health Passport information used in the patients care or treatment.

Member Participation

As long as a patient has active coverage in Superior Health Plan Networks ("SHPN") STAR Health Foster Care Program, the patients information will remain available through the Health Passport. If a patient's enrollment in SHPN STAR Health terminates, the patients Health Passport record will be archived and will be unavailable for viewing. If a patient is later re-enrolled in STAR Health, his or her Health Passport record will be reactivated; however, patients with a lapse in coverage under STAR Health may have gaps in the information that is available in the Health Passport.
Member Search
To search a member, enter the first few letters of the first and last name and one of the three ID numbers (Medicaid ID, SSN, or DFPS ID) and click Go.

The search results will display the full name of the member and other demographic information.

Click the member name to access the member’s health record.
The Face Sheet module provides a quick overview of the member’s health record including common diagnoses and procedures, active medications, active allergies, care gaps, and member demographics.
Contacts
The **Contacts** module displays a member’s medical and personal contacts.

Allergies
The **Allergies** module contains all allergies for a member entered by providers.

Click the allergy name to view the allergy history.

![Medication interaction symbol](image)

indicates an interaction with a prescribed medication.

The strikethroughs indicate:

- Resolved status—an allergy the member no longer experiences
- Canceled status—an allergy that could be mistakenly entered
Modify Allergy
Providers have the ability to modify allergies.

Step 1: Click **Modify**.
Step 2: Modify allergy name, type, occurrence date, reaction, status, or comments.
Step 3: Click **Update** to save changes.
Add Allergy
Providers have the ability to add an allergy.

Step 1: Search for an allergen and click **Go**. If not found, use the **Add Free Text Allergen** box.
Step 2: Select allergy name, type, occurrence date, reaction, status, and include comments, as applicable.
Step 3: Click **Add** to save changes.
Assessments

The **Assessments** module allows providers to document Texas Health Steps, Dental and Behavioral Health forms directly online. Mailing or faxing in documents critical to patient care for display is also available.

Click on form name to open the document.

Expand or collapse all forms by clicking the **Expand All** and **Collapse All** buttons.

**NOTE:**

Fax: 866-274-5952  
Mail: Superior HealthPlan PO Box 3003, Farmington, MO 63640-3803
Submit Forms
To complete and submit forms, click on the Submit Forms tab.

Step 1: Open a form by selecting the Form Title.
Step 2: Fill in all relevant information.
Step 3: Click the Submit button.

Click PDF versions to be directed to the Health Passport Forms section on the Superior foster care website, where a blank form can be printed.
Growth Chart
The **Growth Chart** module contains height, weight, length, and head circumference entered by Providers and calculates BMI, when applicable.

Click a date and time to view details for that date. An asterisk * indicates there is a comment associated with the entry.

Modify chart by clicking the box **Select to cancel**, select a reason to cancel, and then click **Cancel**. A strikethrough will appear in place of cancelled entries.
Add a Growth Chart
Click the Add Growth Chart tab to add new growth measurements.

Step 1: Fill in weight, height, length, head circumference, and add comments, if applicable.
Step 2: Click Add.
Immunizations

The **Immunizations** module presents a comprehensive list of a member’s immunizations that have been reported to ImmTrac, the Texas Immunization Registry. Additionally, there is a tab that displays immunization schedules for the Centers for Disease Control and Prevention. The Care Gaps tab shows any gaps in care, including missing immunizations.

![Health Passport: HUEY DUCK](image)
**Schedule**
The **Schedule** tab offers child, adolescent, adult and catch-up immunization schedules. Click the respective schedule to open the document.

**Care Gaps**
Click the **Care Gaps** tab to view gaps in care, including missing immunizations.
Labs

The **Labs** module contains a list of a member’s lab results.

Click on a date and time to view details of labs.

By selecting **Filter Category**, you can filter by lab type.
Medication History
The **Medication History** module contains a detailed list of medications.

Click medication name to view more details.

Click on **Prescriber** and **Pharmacy** to view contact information.

The legend of icons ( ![Info](https://example.com/info_icon.png) ![Alert](https://example.com/alert_icon.png) ![Warning](https://example.com/warning_icon.png) ![Important](https://example.com/important_icon.png) ![Major Interaction](https://example.com/major_interaction_icon.png) ![Moderate Interaction](https://example.com/moderate_interaction_icon.png) ![Minor Interaction](https://example.com/minor_interaction_icon.png) ![Allergy](https://example.com/allergy_icon.png) ![Interaction Not Supported](https://example.com/interaction_not_supported_icon.png) ) denote different medication interactions. Major interactions are potentially life threatening.
Select **English** or **Spanish** to open a reference document for the given medication.
Patient History

The **Patient History** module contains visit information from claims data on all services rendered, whether paid or denied. Claims come from all provider types and providers do not need to do anything extra for this data to load.

Click the date to view more visit details.

**NOTE:** This module should not be used as a tool for claims payments. There is lag time before data is loaded as providers have 95 days to bill, and Superior HealthPlan has 30 days to process.
Diagnoses

The **Diagnoses** tab lists visits by diagnoses.

Click the date to view by diagnoses.
Procedures

Click the Procedures tab to view visits by procedures.
